ACTIVITY FOR CHILDREN

DISCOVERING THE CORAL REEFS

This new interactive animation offers a real virtual dive into the heart of one of the seven wonders of the world: the Great Barrier Reef of Australia!

Following an introductory presentation on coral, young people are invited to identify the species of this mysterious and fascinating underwater meadow with the help of a diving logbook, and to discover their particularities thanks to information sheets.

Throughout their visit, they will also be made aware of the protection of coral reefs through the Museum's new Coral Trail.

This activity is suitable for all ages (please specify when booking).

ACTIVITIES FOR YOUNG
